

Patchcord

Features

Engineering thermoplastic with flame retardancy (UL-94 VO) housing and external body.

All fiber comply with ITU standards and Flame retardant cables are with clear marking every meter. products comply with IEC 61754-2.

Adapter

Connector

Specifications Multi-Mode		
	High End	Premium
Insertion loss maximum	0.5 dB	0.3 dB
Insertion loss typical	0.25 dB	0.2 dB
Return loss	PC > 27 dB	PC > 27 dB
Repeatability 1000 cycles	0.2 dB	0.2 dB
Service life(mate/demate) > 500		> 500
Tensile Strength	> 70 N	> 70 N
Operating Temperature	- 20 - + 60 °C	- 20 - + 60 °C
Storage Temperature	- 20 - + 60 °C	- 20 - + 60 °C
Humidity	99%	99%
